

MEET THE WEAR GUARD GEAR OIL FAMILY

Central Oil Presents: Wear Guard GL-5 80w90 & GL-5 85w140

INTRODUCING CENTRAL OIL'S WEAR GUARD GEAR OILS

At Central Oil & Supply, we understand that you need a gear oil that provides superior performance, while also being economical. That's why our new Wear Guard gear oils were developed to be multi-purpose, high quality oils that are made with quality base oils and a select extreme pressure additive system.

TRUST US - WE'VE GOT THIS...

You've got enough on your plate—let us help maximize your potential. The additives in our Wear Guard Gear Oils impart anti-weld, anti-scuff, and anti-wear properties that are necessary in heavy duty service gear lubricants. Wear Guard Gear Oils provide excellent protection under the most severe conditions encountered in commercial transmissions, axles, and final drives.

DESIGNED TO PROVIDE:

- **Excellent protection** in the highest performance demands on drive train lubricants
- **Exceptional reliability** in today's drive train applications as well as older models
- **High thermal stability** as well as oxidation resistance
- **Protection** against low speed/high torque wear
- **Excellent fluidity** in low temperatures, reducing wear during start-up
- **Improved lubrication** and extended seal life due to good foam control

*Always consult your owner's manual for the proper fluid for your equipment

OPTIONS FOR EVERY CUSTOMER
