

WEAR GUARD: RUST & OXIDATION

Central Oil Presents: Wear Guard R&O

WE'LL KEEP YOU RUNNING

At Central Oil & Supply, we understand how important it is to keep your equipment running at optimal levels. That's why our R&O was developed from highly refined mineral base stocks to enhance oxidation stability for the health of your equipment. Our Wear Guard R&O also imparts rust and corrosion control, as well as foam suppressants to further protect your livelihood.

THE RESULTS?

- **Minimized** Viscosity Increase
- **Control** against Rust/Corrosion
- **Enhanced** Oxidation Stability
- **Control** against Foam

APPLICATIONS:

- Use Wear Guard R&O in equipment where anti-wear properties are not required, and where anti-rust, corrosion, oxidation stability and water separability is needed.
- Use in: air compressors, low pressure hydraulic systems, circulating oil systems, centrifugal pumps, and lightly loaded gear-boxes.

*Always consult your owner's manual for the proper fluid for your equipment
