

WEAR GUARD TRANSMISSION & DRIVE TRAIN OIL by Central Oil & Supply

DESIGNED TO MEET CAT TO-4 SPECS

Introducing Central Oil's Wear Guard Transmission and Drive-Train Lubricants! Specifically designed to meet the requirements of Caterpillar's TO-4 specs, Wear Guard TO-4 30 contains an advanced additive system to deliver the precise performance parameters needed to maximize the productivity of construction, quarrying, and mining equipment in severe conditions.

WE'VE GOT THE MUSCLE TO HELP GET THE JOB DONE

Wear Guard TO-4 30 was designed to:

- **Provide protection** in heavy-duty construction equipment power shift transmissions
- **Protect metal surfaces** against scuffing and wear with special additives
- **Assure silent and efficient action**, while stopping slippage with frictional controls
- **Resist oxidation** at elevated operating temperatures
- **Defend against rust and corrosion** of highly refined precision parts
- **Be compatible** with clutch face and seal materials, through the use of carefully chosen base oils and additives

APPLICATIONS:

Wear Guard TO-4 30 is compatible with new and traditional seal and clutch material and heavy duty off highway automatic transmissions

*Always consult your owner's manual for the proper fluid for your equipment
