DELTA PRIDE IS NOW KNOWN AS WEAR GUARD

Central Oil & Supply is proud to offer you the same great product, under a new name: Wear Guard Tractor Hydraulic. This classic, trusted hydraulic oil was formulated specifically for use in transmissions, final drives, wet brakes, and hydraulic systems of tractors and other equipment that uses a common fluid reservoir.

AT CENTRAL OIL & SUPPLY, WE KNOW: IF IT AIN'T BROKE, DON'T FIX IT

Our Tractor Hydraulic Has Always Offered:

- **Flexibility of use** – You can use this hydraulic oil to perform many functions such as lubrication of the transmission and final drive
- **More bang for your buck** – This tried-and-true yellow bucket also serves as a hydraulic fluid for the operation of power steering units, brakes, and implements
- **Protection you can trust** – eliminates “chatter” and excessive brake facing wear, protects metal surfaces against scuffing and wear, and assures smooth operation of clutch packs and wet brakes
- **Compatibility to go the extra mile** – Our yellow bucket is compatible with equipment manufacturer's proprietary fluids and other fluids of this type

APPLICATION:

Our Wear Guard Tractor Hydraulic is recommended for use as a multi-functional fluid in all types of farm equipment and tractors prior to 1990.

*Always consult your owner's manual for the proper fluid for your equipment
